Captain Eugene + All Navilux Crew,

Thank you for a spectacular holiday in Croatia - better than we could ever have imagined. We have fallen in love with Croatia and can't wait to return. The food and the service have been spectacular and the warmth, humour and patience of the crew with our children endless watersports has been fantastic.

How do we return to reality?

Many thanks to all of you

Dear Captain, dear Ivana

I am back at my desk in Brisbane, what a change! I have spoken to all the Guests of our Charter and they all still "floating" in the Navilux experience and memories!

We had an absolutely wonderful Cruise/Yacht Trip and I wish to thank you and your Crew again, and this is from everybody! Captain, you have a great Crew, you can be proud of your yacht and the team: you have made our cruise very special, you have spoilt us and we appreciated the politeness and obliging way towards all the guests by everybody. The interaction between the Crew and the Guests simply "fell into place" and that is the sign of a good Crew!

I want to thank you and your whole team once again for everything! I also wish you all the success for 2013 and beyond! You have a great product, and you will be very successful!

Thank you, kind regards, R.
